Re: Annual Customer Proprietary Network Information Compliance Certification –
Replacement Filing
EB Docket No. 06-36

Dear Ms. Dortch:

Attached is the Annual Customer Proprietary Network Information ("CPNI") Compliance Certification for New Talk, Inc. for data year 2011. This filing replaces in its entirety the CPNI filing for New Talk, Inc. made on February 29, 2012 which contained the 2010 CPNI procedures in error. (See ECFS receipt 2012229052184)

If there are any questions regarding this certification, please contact me via email to bobbi.vcs@comcast.net or via telephone at (205) 909-3783.

Sincerely,

Bobbi Ferguson

Annual 47 C.F.R. § 64.2009(e) CPNI Certification

EB Docket 06-36

Annual 64.2009(e) CPNI Certification for 2012

Date filed: March 1, 2012

Name of company(s) covered by this certification: New Talk, Inc.

Form 499 Filer ID: 826361

Name of signatory: Brian Young

Title of signatory: Vice President

I, Brian Young, certify that I am an officer of the company named above, and acting as an agent of the company, that I have personal knowledge that the company has established operating procedures that are adequate to ensure compliance with the Commission's CPNI rules. See 47 C.F.R. § 64.2001 *et seq.*

Attached to this certification is an accompanying statement explaining how the company's procedures ensure that the company is in compliance with the requirements set forth in section 64.2001 *et seq.* of the Commission's rules [attach accompanying statement].

The company has not taken any actions (proceedings instituted or petitions filed by a company at either state commissions, the court system, or at the Commission against data brokers) against data brokers in the past year. Companies must report on any information that they have with respect to the processes pretexters are using to attempt to access CPNI, and what steps companies are taking to protect CPNI.

The company has not received any customer complaints in the past year concerning the unauthorized release of CPNI (number of customer complaints a company has received related to unauthorized access to CPNI, or unauthorized disclosure of CPNI, broken down by category or complaint, *e.g.*, instances of improper access by employees, instances of improper disclosure to individuals not authorized to receive the information, or instances of improper access to online information by individuals not authorized to view the information).

Annual Customer Proprietary Network Information Compliance Certification
EB Docket No. 06-36

New Talk, Inc.

CPNI OPERATING PROCEDURES

NEW TALK, INC.
CPNI OPERATING PROCEDURES FOR ENSURING COMPLIANCE WITH
47 U.S.C. § 222 and 47 C.F.R. §§ 64.2001

New Talk, Inc. has established practices and procedures adequate to ensure compliance with Section 222 of the Communications Act of 1934, as amended, and the Federal Communications Commission's ("FCC") rules pertaining to customer proprietary network information ("CPNI") set forth in 47 C.F.R. §§ 64.2001- 64.2011 of the Commission's CPNI rules, as modified by the Commission in 2007.

CONFIDENTIALITY OF CARRIER INFORMATION

A telecommunications carrier that receives or obtains proprietary information from another carrier for purposes of providing any telecommunications service shall use such information only for such purpose, and shall not use such information for its own marketing efforts.

COMPANY SERVICES PROVISION

New Talk, Inc. ("the Company") is a competitive local exchange carrier, an interexchange long distance service provider and information service provider. Services are provided on a postpaid and prepaid basis to residential customers.

CUSTOMER PROPRIETARY NETWORK INFORMATION ("CPNI")

CPNI includes information 1) that relates to the quantity, technical configuration, type, destination, location, and amount of use of a telecommunications service subscribed to by any customer of a telecommunications carrier, and that is made available to the carrier by the customer solely by virtue of the carrier-customer relationship; and 2) information contained in the bills pertaining to telephone exchange service or telephone toll service received by a customer of a carrier. CPNI does not include subscriber list information, which is customer information published in a telephone directory, such as customer name, address, and telephone number.

SAFEGUARDING AGAINST PRETEXTING

The Company takes reasonable measures to discover and protect against attempts to gain unauthorized access to CPNI, including the authentication of customers prior to disclosing CPNI based on customer-initiated contacts. The Company will notify the FCC if it discovers any new methods of pretexting and of any actions it takes against pretexters and data brokers.

MARKETING PROCEDURES

The Company markets its services solely through direct mail, direct sales and media advertising. The Company does not use CPNI for marketing purposes and therefore does not have to maintain records regarding marketing campaigns that use its customers' CPNI.

UTILIZATION OF CPNI

- (1) The Company obtains and utilizes CPNI solely for the purpose of providing local, interexchange and information services to its customers, billing its customers for its services, collecting payment for its services, and maintenance and repair of services. Where necessary, the Company may use, disclose or permit access to CPNI to protect its rights or property or the rights or property of its underlying carrier, to protect users of its services and other carriers from fraudulent, abusive, unlawful use of or unlawful subscription to its services.
- (2) The Company uses, discloses, or permits access to CPNI to provide or market service offerings among the local, interexchange, and information category of service to which the Customer already subscribes.
- (3) The Company does not use, disclose, or permit access to CPNI to identify or track customers that call competing service providers or for any other purpose that is prohibited by the FCC's rules.
- (4) Without Customer approval, the Company does not use, disclose or permit access to CPNI to provide or market service offerings within a category of service that the Customer does not already subscribe in accordance with the FCC's rules.

CPNI DISCLOSURE TO THIRD-PARTIES

The Company does not disclose CPNI of its current or former customers to any third-party except as required by law or regulation, or under confidentiality agreements in accordance with FCC rules, or upon customer request.

CUSTOMER AUTHENTICATION

All customer information is maintained in a password protected database that can be accessed only by authorized employees such as dedicated account representatives. Authorized employees may access CPNI to address customer questions only when the person calling is listed as an "authorized contact" for the customer. When a customer's account is created, a password is established for the customer. Anytime the customer calls to ask about the account or to request changes to the account, the customer must provide the account password. All such requests are verified by the Company. The Company will release call detail information based on customer-initiated telephone contact, if (1) a customer requests that the information be sent to the customer's address of record; or (2) the Company calls the telephone number of record and discloses the information, or (3) the customer can provide specific details of the call relevant to the customer service issue. If the customer cannot provide the relevant call detail information, the Company only provides the call detail information by calling the customer at the telephone number of record or mailing the information to the address of record. Online access to account information requires Customers to establish a password. Online account information does not include call detail records. CPNI including call detail records are not available at retail locations where the Company's services are sold.

TRAINING AND DISCIPLINE

The Company prohibits all employees from using customer information other than for providing service to the customer or as required to be disclosed by law. The Company trains its employees in the authorized use of all customer information including CPNI. Any employee that discloses confidential customer information including CPNI is subject to disciplinary action and possibly termination.

NOTICE OF UNAUTHORIZED DISCLOSURE OF CPNI

As soon as practicable (and in no event more than seven (7) days) after the Company discovers that a person (without authorization or exceeding authorization) has intentionally gained access to, used or disclosed CPNI, the Company will provide electronic notification of the breach within seven business days to the United States Secret Service ("USSS") and the Federal Bureau of Investigation ("FBI") via the following web site, www.fcc.gov/eb/CPNI. In order to allow law enforcement time to conduct an investigation, The Company will wait another seven business days before notifying the affected customers of the breach (unless the USSS and FBI request the Company to postpone disclosure). The Company may notify customers sooner if there is a risk of immediate and irreparable harm. The Company will maintain records of discovered breaches for at least two years.
